27th Year!

A Eugene Tradition!

Columbines School of Botanical Studies

Herbal Concepts and Northwest Materia Medica

We designed this 56-hour lecture series to illustrate herbal fundamental principles using northwestern medicinal plants. These native herbs were intentionally selected to serve as an accessible medicine chest and an herbal basis for further learning. Herbal preparations and medicine making labs are included throughout term. No pre-requisite required.

Instructors: Howie Brounstein, Steven Yeager

Spring term runs April 14, 2011 to June 16, 2011 on Thursdays. The total cost for the spring term is $325.00 for 10 weekly evening lectures and 3 Herbal Preparation labs (32.5 hours). A $50.00 non-refundable deposit is required to hold your place.

Summer term will run from mid-July 2011 to the first week in September 2011, and consists of 8 evening lectures (24 hours). The cost is $240.00. A $50.00 non-refundable deposit is required to hold your place. Completion of spring term required.
